*Some courses may show a different date in ECD because their SLO links were updated in early 2016. Nevertheless, they must be reviewed for requisites/content by the date shown here.

**Courses marked "out-of-compliance" have exceeded the Title 5 required 2-year CTE requisite review cycle or the 6-year ACCJC outline review cycle. Those marked "overdue" have exceeded the 5-year LAHC required review cycle and will be deactivated one year following the date shown, if not reviewed by then.
