

BURNS

- ▶ 1ST DEGREE/SUNBURN

BURNS

▶ 2ND DEGREE

BURNS

- ▶ 3RD DEGREE – Requires medical attention immediately

BURNS

▶ TREATMENT OF 1ST & 2ND DEGREE BURNS

If possible, hold the burned area under cold running water.

Figure 29. Put a plastic bag filled with ice on the injured area with a towel between the ice bag and the skin.

FYI: If Ice Is Not Available

You may use a cold pack, but it is not as cold and may not work as well as ice.
